

### **Proposal # 3 submitted by Dave Channel 11-10-2010**

I propose a couple changes to the City Tournament on how brackets are drawn and placed.

1. Eliminate the “home field advantage” that we are currently giving Division winners, thereby all matches are played at a neutral location.
2. The establishment that is hosting the banquet shall not be given any first nor second round matches as they are host to both semi final and final matches.
3. The entire bracket can be both drawn and placed at the final captains meeting of the season, thereby eliminating any issue of captains not knowing where their team should play
